SELF-CONFIDENCE FORMULA

1

I know that I have the ability to achieve the object of my definite purpose, therefore I demand of myself persistent, aggressive and continuous action toward its attainment.

2

I realize that the dominating thoughts of my mind eventually reproduce themselves in outward, bodily action and gradually transform themselves into physical reality, therefore I will concentrate my mind for thirty minutes daily upon the task of thinking of the person I intend to be, by creating a mental picture of this person and then transforming that picture into reality through practical service.

3

I know that through the principle of Auto-suggestion, any desire that I persistently hold in my mind will eventually seek expression through some practical means of realizing it, therefore I shall devote ten minutes daily to demanding of myself the development of the factors named in the sixteen lessons of this Reading Course on the Law of Success.

4

I have clearly mapped out and written down a description of my definite purpose in life, for the coming five years. I have set a price on my services for each of these five years; a price that I intend to earn and receive, through strict application of the principle of efficient, satisfactory service which I will render in advance.

5

I fully realize that no wealth or position can long endure unless built upon truth and justice, therefore I will engage in no transaction which does not benefit all whom it affects. I will succeed by attracting to me the forces I wish to use and the cooperation of other people. I will induce others to serve me because I will first serve them. I will eliminate hatred, envy, jealousy, selfishness and cynicism by developing love for all humanity, because I know that a negative attitude toward others can never bring me success. I will cause others to believe in me because I will believe in them and in myself.
