

CALM

STRESS RELIEF

WHAT IS IT?

Ready to feel a sense of calm throughout your whole body? NVU Calm™ is designed to support the body in absorbing and retaining important bone strengthening minerals, calcium and phosphorus. In addition to strong bones, NVU Calm™ ingredients have been shown to possibly reduce inflammation and infection in the body.

KEY INGREDIENTS

- Vitamin D - Helps the body to retain and absorb calcium and phosphorus, which supports bone building. It can also reduce inflammation and disease.
- Chamomile Extract - Serves to calm the body and relax the digestive system. It has also been used to reduce symptoms of anxiety.
- Vitamin B12 - An essential daily nutrient that plays an important role in cell metabolism, nerve function and the formation of red blood cells.

DID YOU KNOW?

Vitamin D has been shown to enhance mood and increase energy levels. Using Vitamin D daily in spray technology form, is easily and gently digested and 93% effective in absorption. This spray enables your body to quickly utilize its nutrients faster than other methods. Alternatively, pills and capsules are shown to have an estimated 15% and 25% absorption rate.

WHY YOU'LL LOVE IT

HOW TO USE IT?

1. Shake well before each use.
2. Spray directly into the mouth and hold 5 seconds before swallowing.
3. Take 1 serving (8 sprays) daily.

Serving Size	8 sprays
Sprays Per Package	240
