DID YOU KNOW?

Lutein helps to improve age-related macular disease and prevent blindness and vision impairment. Using Lutein in spray technology form, is easily and gently digested and 93% effective in absorption. This spray enables your body to quickly utilize its nutrients faster than other methods. Alternatively, pills and capsules are shown to have an estimated 15% and 25% absorption rate.

WHY YOU'LL LOVE IT

HOW TO USE IT?

1. Shake well before each use.
2. Spray directly into the mouth and hold 5 seconds before swallowing.
3. Take 1 serving (8 sprays) daily.
