# GET STARTED & KNOW YOUR WHY

Everything worth doing is driven by passion. Though many people start their businesses with only profit in mind, you'll need something much bigger to motivate you if you want to be successful. Tell your friends and family about your "why." Write it down—frame it if you have to! Just make sure you're always reminded of what you're working toward so you'll never doubt that you're a part of NVISIONU for all the right reasons.

**Have a clear Vision.**

**Your Motivation .**

**Develop your story**

START CREATING YOUR WHY BY IDENTIFYING GOALS IN THESE 4 AREAS OF YOUR LIFE:

1. FAMILY GOALS

2. HEALTH GOALS

3. FINANCIAL GOALS

4. PERSONAL GOALS

# 2

## BE A PRODUCT OF THE PRODUCT

Your ability to encourage others to try NVU products and services relies on your own experience and passion. Customers buy products they trust, from people they trust. As others see the positive changes to your health and lifestyle, they will naturally want to know what you're doing.

### YOU'VE EXPERIENCED IT — NOW WRITE IT DOWN!

1. Which NVU product/Services are you enjoying
2. Why do you love it?
3. Why do you think others would enjoy it?

# 3

## YOUR LIST

You need to develop and grow your contact list continually. Remember, when someone says “no,” it may just mean “not yet.” Ask them if you can revisit the conversation in the future. Never remove them from your list—reconnect with them later to see if the time is right.

1. Write down everyone you know
2. Add someone to your list daily
3. Ask for referrals
4. Never pre-qualify anyone (You do not know if they are looking for more money, time freedom, or have a cupboard full of supplements already.)

## GOALS + COMMITMENT = RESULTS

It's a pretty simple equation, really. Once you realize what your true goals are, you can turn them into reality through your commitment. Making an 18 months commitment will help you figure out the right path to get you where you want to be.

We want you to understand that you must give yourself time to succeed. This is not a sprint it is a marathon. Don't compare yourself to anyone else, but through consistency, persistency, and following the blueprint that is before you with time all things are possible.

- Learning how to give an effective presentation in under 1 hour.
- Working with my sponsor for a minimum of 18 months.
- Register your new team members right after they sign up
- Pre-register for all Vision conference calls
- Register early for all local events
- Register for an upcoming convention

### GOALS + COMMITMENT = RESULTS

It's a pretty simple equation, really. Once you realize what your true goals are, you can turn them into reality through your commitment. Knowing what your "why" is for joining NVU, and what your goals and dreams are for say, the next three to 10 years, will help you figure out the right path to get you where you want to be.

**SO...WHAT IS YOUR "WHY"?**

I am/we are committed to:

1. Working the business \_\_\_\_\_ hours per week.
2. Approaching \_\_\_\_\_ contacts per week.

7. Creating a dream board by posting a collage of pictures in a place I can see every day.

**YOUR EMOTIONAL ROLLERCOASTER**  
As a new Associate, you will likely face a roller coaster of emotions as you get your business off the ground. Don't give up! Remember your why, your commitments, and your goals—they will bring you back up to where you need to be to find success.

- Peak 1:** You join NVU and get so excited that you try to start building your business without going through training. *Emotion: Excitement*
- Valley 1:** Attending your first presentation, you're skeptical, unsure, and doubtful about the industry. *Emotion: Skepticism*
- Peak 2:** You go through the Cutting started workbook and now understand what you need to do to build a solid business. *Emotion: Understanding*
